CONTROLS OVERVIEW

1. Power button
 2. Volume + key
 3. Volume – key
-

CONNECTING TO A SMARTPHONE

1. First-time connection: With the device powered off, press and hold the multi-function button until the red and blue indicator lights flash alternately. The device will enter pairing mode. For subsequent connections, the headset will connect automatically after powering on if previously paired.
2. Turn on Bluetooth on your smartphone, search for the device, and select it to connect.

HEADPHONE CHARGING

1. When the battery is low, the red indicator light will flash and a warning beep will sound.
2. During charging, the red light indicates charging in progress, and the blue light indicates that the battery is fully charged.

FUNCTIONS AND USER INSTRUCTIONS

1. **Language switching (Chinese/English):** After powering on and without connecting to a phone, press the main button twice continuously.
2. **Call handling:**
 - Press the multi-function button once to answer a call.
 - Press the multi-function button twice to reject or end a call.
3. **Voice assistant activation:** When connected to a phone, press the multi-function button three times to activate the voice assistant.
4. **Music control:**
 - Press the “Volume +” button once for the previous track; long press to increase volume.
 - Press the “Volume –” button once for the next track; long press to decrease volume.

PRODUCT AND USER SAFETY

1. Please read this manual carefully before using the product and keep it for future reference.
 2. Charge the product fully before first use.
 3. If the product is not used for more than two months, recharge it before use.
 4. Use only certified chargers from reputable manufacturers.
 5. If your phone cannot find the Bluetooth headset, ensure the headset is in pairing mode. If no connection is made for a long time, pairing mode may turn off automatically; re-enter pairing mode if needed. If the phone system is unresponsive, restart the phone. If the headset malfunctions, restart or recharge it.
 6. Do not modify, repair, or disassemble the headset, as this may cause fire, electric failure, or permanent damage to the product.
 7. Do not expose the device to extreme temperatures (below 0°C or above 45°C).
 8. Do not use the device near the eyes of children or animals.
 9. Do not use the device during thunderstorms, as this may cause abnormal operation and increase the risk of electric shock.
 10. Do not use solvents or volatile liquids to clean this product.
