

## EN: EPISLIK – USER MANUAL

---

### Product Overview

1. Power switch
2. Protective cap
3. Epilator wheel
4. Epilator head cover
5. LED light
6. Charging port
7. USB charging cable

---

### Instructions for Use

1. Charge the Plucky Epilator 3.0 using the included USB cable for **approximately 40 minutes** before first use.
2. When operating the device, **gently pull the skin taut** in the area you're treating to minimize discomfort.
3. Turn on the device by **sliding the ON/OFF switch to the right**. The built-in LED light will automatically turn on.
4. To get familiar with using the epilator, we recommend **starting on your chin**.
5. Glide the device **against the direction of hair growth** for optimal results.
6. After use, switch the device off by sliding the ON/OFF button back to the left.
7. The **plastic attachment around the plucking head** is designed for use on delicate areas.

8. For **deeper hair removal** or when treating less sensitive areas, remove the attachment and use the epilator with the head fully exposed.
9. To remove the sensitive area attachment, **simply slide it upward**.

---

### Aftercare and Maintenance

- **Clean the device thoroughly** after each use to ensure maximum performance and hygiene.
- We recommend **applying a moisturizer** after hair removal to soothe the skin.
- If you are using the epilator for the first time, it's best to **perform hair removal in the evening**, allowing any potential redness to subside overnight.

---

### INSTRUCTIONS FOR RECYCLING AND DISPOSAL:

This label means that the product cannot be disposed of as other household waste throughout the EU. To prevent potential damage to the environment or human health from uncontrolled waste disposal. Recycle responsibly to promote the sustainable use of material resources. If you want to return a used device, use the drop-off and collection system, or contact the retailer from whom you bought the product. The retailer can accept the product for environmentally safe recycling.

A declaration by the manufacturer that the product complies with the requirements of the applicable EU Directives.
