INSTUCTION MANUAL

FANGLO

MODEL NO.: E27

EN: FANGLO – USER MANUAL

PRODUCT SPECIFICATIONS

Model number: E27

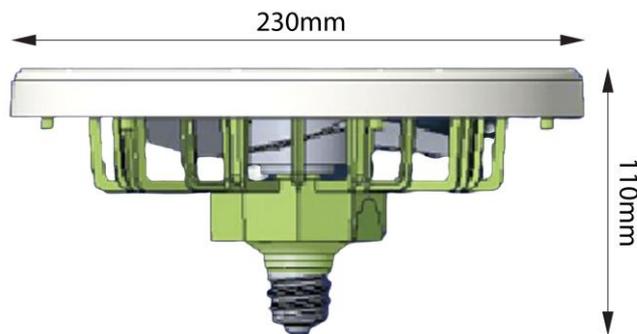

AC: 220-240V, 50Hz, 25.5W

Lamp power: 21W

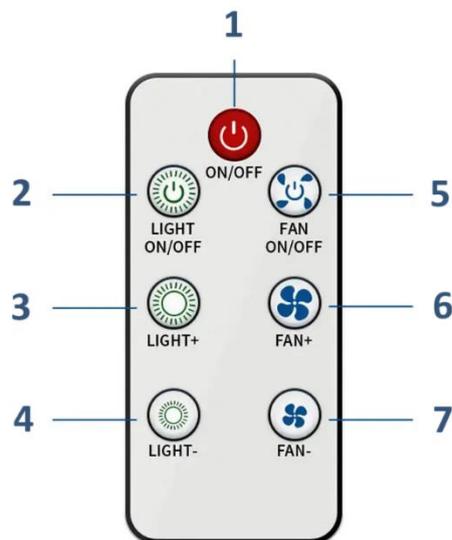

Fan power: 4.5W

Batch number: 21/2024

Order number: R0641-21-24-10000

REMOTE CONTROLS

1. Main power switch
2. Light ON/OFF switch
3. Raise brightness
4. Lower brightness
5. Fan ON/OFF switch
6. Increase fan speed (gale mode)
7. Decrease fan speed (breeze mode)

DETACHABLE LAMP HOLDER INSTALLATION METHOD

The product consists of two parts – the main unit and the connector. Please ensure that the parts are connected via the wiring interface. Assemble the connector by pressing it onto the lamp, making sure the pins slide into the corresponding openings on the main unit.

PRODUCT USE

Screw the assembled product into the appropriate threaded lamp holder (socket), and turn on the power. Remove the plastic sheet from the controller to enable its functions. You may also control the light brightness and wind speed with the two buttons on the product back. The light has three brightness levels to choose from. The bracketed can be adjusted freely and used as a hook.

INSTRUCTIONS FOR RECYCLING AND DISPOSAL:

This label means that the product cannot be disposed of as other household waste throughout the EU. To prevent potential damage to the environment or human health from uncontrolled waste disposal. Recycle responsibly to promote the sustainable use of material resources. If you want to return a used device, use the drop-off and collection system, or contact the retailer from whom you bought the product. The retailer can accept the product for environmentally safe recycling.

A declaration by the manufacturer that the product complies with the requirements of the applicable EU Directives.
