

EN: LUMEZIN – USER MANUAL

Rhythm and Ambient Light Fixture

PRODUCT DESCRIPTION

The ambient light fixture features vibrant and visually striking LED lighting that creates a dynamic and atmospheric environment. It offers multiple lighting modes, including warm lighting, multicolor transitions, and starry stage effects.

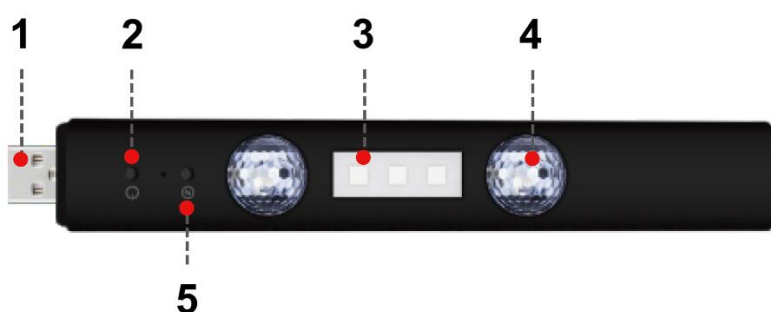

When music or sound is detected, the light automatically activates dynamic sound-responsive mode. The faster the rhythm, the more intense the flashing effect, creating an immersive visual experience.

Suitable for use in: home environments, stages, parties, birthdays, and car interiors.

DEVICE PARAMETERS

- **Model:** A16 / D88
 - **Net weight:** 0.058 kg
 - **Power:** 3 W
 - **Material:** PVC housing
 - **Input voltage:** DC 5 V, 1 A
 - **Device battery:** 3.7V, 300mAh, 1.11Wh
 - **Remote control battery:** Li-Mn CR2025, 3 V, 150 mAh
 - **Product size:** 222 × 32 × 22 mm
 - **Light source colors:** red, blue, green, yellow, purple, white, ice blue
-

PRODUCT OVERVIEW

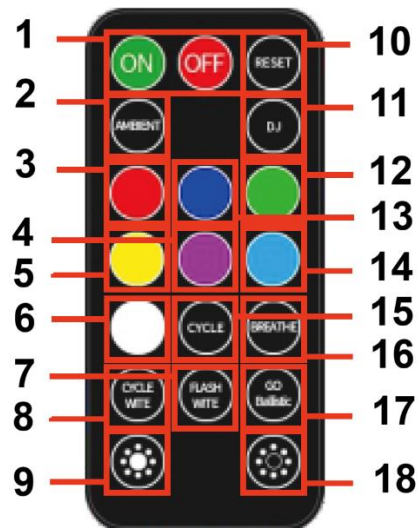

1. USB charging port
2. Power switch
3. Warm light mode
4. Star light mode
5. Mode switch button

Mode sequence:

- White light / warm light illumination

- Warm light with multicolor cycling
- Star mode with sound control
- Star mode with light/sound sensor disabled
- High-intensity sound-responsive (flash) mode

REMOTE CONTROL FUNCTIONS

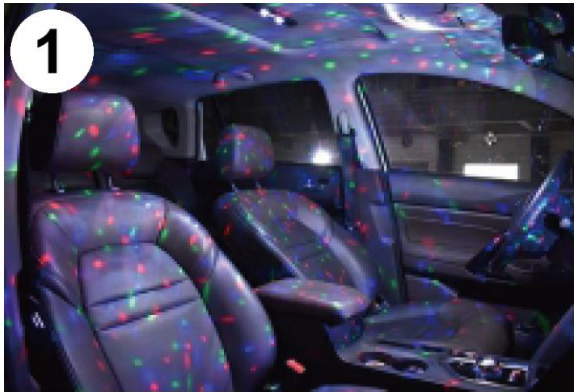

1. Power ON
2. Ambient mode
3. Red
4. Pink / Purple
5. Yellow
6. White
7. Flash (white)
8. White cycle
9. Increase brightness
10. Reset
11. Star mode
12. Green
13. Blue
14. Ice blue
15. Color cycle
16. Breathing mode
17. Dynamic / strobe mode
18. Decrease brightness

MODES OVERVIEW

- **Breathing mode:** The light gradually fades in and out, creating a soft pulsing effect similar to breathing.
- **Seven-color cycle:** The light continuously transitions through seven different colors.

- **Sound-responsive mode:** The light flashes in sync with detected sound or music. In the absence of sound, it switches to a slow flashing pattern.
- **Sound-activated mode (silent off):** The light only activates when sound is detected; it remains off when there is no sound.
- **Flash mode:** Warm light and star effects operate simultaneously, flashing in sync with sound rhythm.

EFFECT DISPLAY

1. In-vehicle lighting effect
2. Indoor lighting effect
